Here's the draft that Rhina had started. I haven't looked at this closely yet, but I think it's a really good start & we can build on it for Ed for PREP. We probably want to run the "Agency Priority" slide by Jeff D. as the OCSP Strategy contact on the larger agency PFAS council group.

Thanks Kimberly. We can share the deck with you and Ed so we have a base deck for when you two have a special need.

Maybe just update at the next meeting; Ed is still interested in something like this. We could make sure to keep the deck up to date? Things aren't changing that quickly.

Hi Kimberly – We were going to reach out to you regarding the slides so thanks for asking. We did start a draft but in talking with Cheryl, Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP). Instead, we will certainly continue to support the messaging as the need arises to ensure the latest messaging and information is being used and everyone has context and situational awareness. Let us know if you'd like to discuss further and/or we can provide that update at the next meeting.

Yeah, I wanted to make sure you were on the reoccurring invite – so you're on starting in September. We're good. Have you all had a chance to think about a standing Pfas/pesticide containers slide deck? I haven't, and I know this is a busy week (ha!).
